

## Homily Hints

### The Big Question:

“Whom do I respect?”

### Chapter Goals:

1. to understand that Jesus taught us to fulfill the commandments out of love for God, others, and ourselves
2. to express this love in the specific ways taught by the fourth, fifth, and sixth commandments
3. to choose life by obeying these commandments with love and respect for God, ourselves, and others.

### Homily Hints:

Pope John Paul II resonated with young people when he challenged them to the virtue of respect. He called young people to understand that respect flows from Jesus’ teaching and that respect of self and others is based out of love for God, others, and ourselves.

Today’s society is vague about accountability for one’s actions. Suggest specific ways young people can show love and choose life: taking care of their bodies, living a chaste life, appreciating and obeying their parents or guardians, and taking care of the environment.
