Shares assignments and grades

I've been working closely with teachers to create resources that meet the needs of today's classrooms. I'm excited to introduce a brand-new comprehensive PreK program that builds foundational skills in literacy, math, science, social studies, and life skills—all through engaging, evidence-based instruction. Plus, I've developed a collection of more than 120 decodable texts across a range of fiction and nonfiction genres to support skill application and knowledge building as part of the *Sadlier Decode & Discover Series*. These new resources were developed exclusively for Sadlier to strengthen academic growth and set students on the path to success. Have a wonderful school year!

Wiley Blevins

“The responsibility of all of us working in the classrooms is to meet the needs of all our students. We must provide instruction, especially whole-group, that doesn't just teach to the middle.”
